Table of Philadelphia stock closing prices for various stocks like City of Phil., N. J. & P., and others.

MONDAY, Sept. 24 - P. M.

The stock market today presented exactly the same general features that it has for several preceding days—where there was any activity there were lower prices and the stocks which were dull were comparatively inactive. The recorded transactions amount to 513,485 shares, of which 201,962 shares were contributed by the Villard stocks and 126,000 by Delaware, Lackawanna and Western, leaving for the remainder of the list only 185,523 shares.

The market opened weak at some concessions from Saturday's figures; but after a five or ten minutes' decline there was a substantial rally—the first one of the whole day. Following that rally there was a continuous succession of declines and partial recoveries. But the market was dominated by the Northern Pacific decline from 34 1/2 to 31 1/2, and finally rallied to 32 1/2; the preferred stock declined from 65 to 61 and closed at 62 1/2; and Oregon and Transcontinental declined from 54 to 51 1/2 and closed at 53 1/2.

covered Receipts, \$1,981,284; payments, \$1,150,222; currency balance, \$6,827,001; coin balance, \$117,857,453.

Money ruled easy at 2 1/2 to 3 per cent, with some exceptions at 3 per cent; the closing quotation was 2 1/2 to 3 per cent, not materially changed from the last preceding quotation.

The Clearing-House statement to-day was as follows: Exchanges \$139,905,201; balances \$5,843,706.

The United States Treasury at Washington to-day received \$22,000 National bank notes for redemption. The customs receipts were \$796,107, and the internal revenue receipts \$804,103.

The foreign exchanges continue dull, but the market is strong and quotations for business are firm as follows: Bankers' bills, \$4 9/16 and \$4 5/8 for long and short sterling respectively; 5 1/4 and 5 1/2 for francs; 9 1/4 and 9 1/2 for relikmarks; 39 1/2 and 40 for guilders.

In London British consols were steady; 100-13-16 for money, and 100-15-16 for account. United States bonds were higher; 4s at 122 1/2, and 1/2s at 16 1/2.

American railways generally were off 1/4 to 3/8 per cent from Saturday's prices. The Bank of England gained £16,000 bullion on balance. Bar silver advanced 1/2 cent to 67c. per ounce. At Paris French 3 per cents declined to 70.02 1/2 to 70.05 francs.
